

### Fluency

Add the dots to find the answer.

1 + =

2 + =

3 + =

4 + =

### Word Problem

5 If you would have 4 goldfish and two octopuses in an aquarium, How many would you have in total?

$$\boxed{4} + \boxed{2} = \boxed{\quad}$$

6 Zoe saw three pink fairies and 2 blue fairies. How many fairies did Zoe see altogether?

### Reasoning

7 Circle the odd one out.

I scored  out of 7
