

## Fluency

Match each calculation to its answer.

1  $5 + 5 + 10$

$8 + 9$

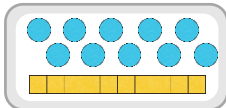

2  $4 + 5 + 8$

3  $15 + 2 + 2$

$12 + 3 + 4$

4  $14 + 4$

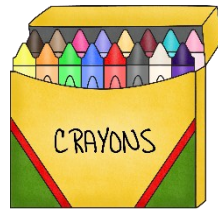

## Word Problem

5 How many eyes do three monsters have?

+  +  =

6 Sita had 16 crayons. Dad buys her 4 more crayons.  
How many crayons does she have now?

## Reasoning

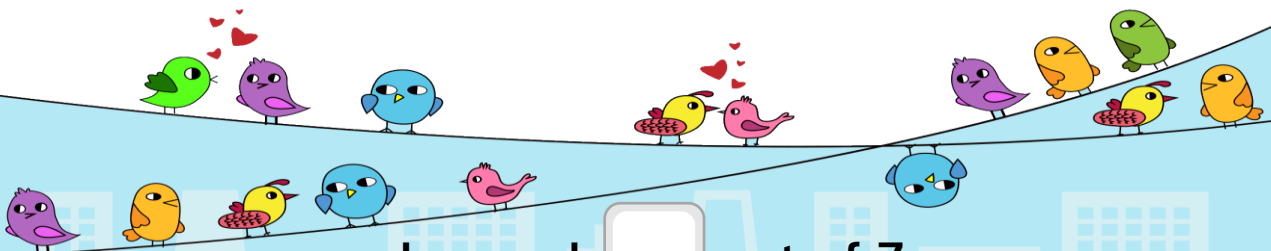

7 Ali says, I have 7 more than 9 candies.

Zoya says, I have 6 candies in each hand.

Who has more candies? Convince me.

I scored  out of 7
