

## Fluency

Write  $<$ ,  $>$  or  $=$  to complete the number sentences.

1  $10 + 10$    $11 + 8$

2  $9 + 9$    $12 + 6$

3  $13 + 5$    $5 + 14$

4  $16 + 4$    $14 + 6$

## Word Problem

5 These people attended Ria's Birthday party.

Children	Men	Women
7	3	5

She decides to give goody bag to everyone who came to her party. How many goody bags does she need?

6 Zoe sells colouring pencils in a box of 20. A customer came in and she lost count! How many more colouring pencils does each box need to make 20?

## Reasoning

7 True or false?

$$15 + 6 = 6 + 16$$

How do you know?
