

Fluency

Write $<$, $>$ or $=$ to compare the number sentences.

1 $7 + 6$ $10 - 4$

2 $15 + 5$ $3 + 17$

3 $20 - 10$ $10 + 9$

4 $7 + 9$ $8 + 8$

Word Problem

- 5 Billy has 14 chocolate bars. He give away 8 bars.
Complete the number sentence to show this.

 = 

- 6 Lily wins 14 games.
Dora wins 9 games.
How many more games does Lily win than Dora?

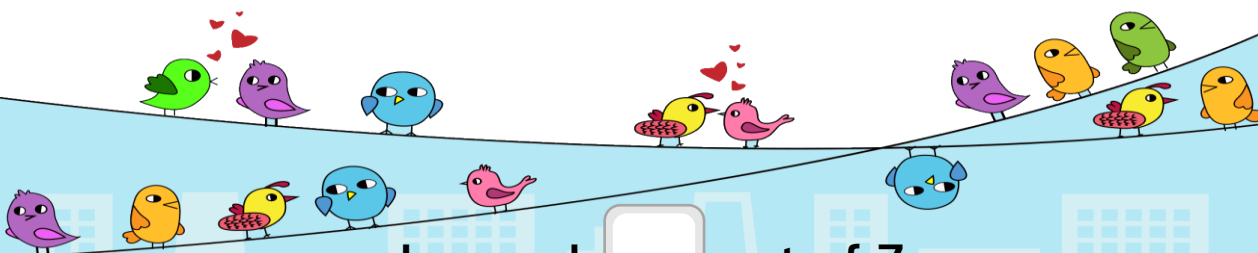

Reasoning

- 7 Jill says,

In my head, I have two odd numbers with a difference of 2.

What could the two numbers be? Convince me.

I scored out of 7
