Word Problem

6 Sara bought 3 stockings. They cost £5 each.

Draw a diagram to show this.

How much do the stockings cost in total?

7 There are 20 cupcakes. 5 cupcakes are put in each box. How many boxes will there be?

Reasoning

8

Jim says,

If I count forwards in 5s, starting at 10. I will say 25.

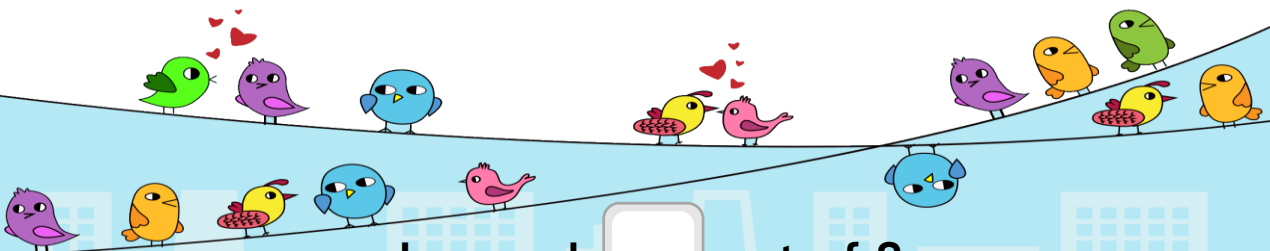

Sara says,

If I count backwards in 5s, starting at 30. I will say 19.

Who is correct? Explain why.

I scored out of 8
