

Arithmetic

Draw cubes on the scale to balance it.

- 1 The cookie weighs 3 cubes.

- 2 The chick weighs 7 cubes.

- 3 The basket weigh 5 cubes.

Word problem

- 4 Look at these real life objects. Order the objects from lightest to heaviest.

A.

B.

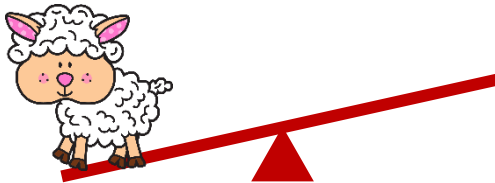

C.

- 5 The truck weighs 6 cubes. The toy car has half the weight of truck. How much does the car weigh?

The teddy bear has double the weight of the truck. How much does the teddy bear weigh?

Reasoning

- 6 The lamb is heavier than the bunny but lighter than the elephant.

Which animal is missing from the scale?
