

## Fluency

- 1 Count the money and write the answer.

## Word Problem

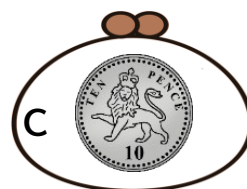

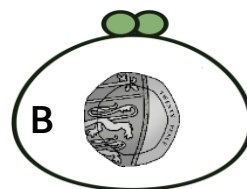

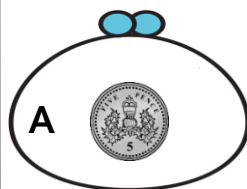

- 2 Jane's favourite dress cost £94.

Jane has £45.

How much more money does Jane need to buy the dress?

- 3 Holly has 50p. She buys a toy for 40p. Tick the purse that shows how much money Holly has left.

## Reasoning

- 4 Jim says, I can buy all toys with two £10 notes and two £5 notes.

Do you agree? What other ways he can buy all these toys?
