

### Fluency

1  $50p + 30p =$

2 10 more than £72

3  $£50 - £20 =$

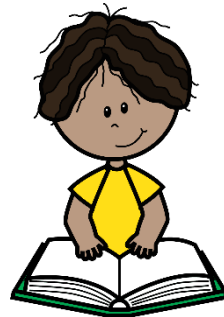

4  $87p - 54p =$

5  $34p + 63p =$

6 20 less than £65

### Word Problem

7 James has £44. Zain has £24 less than James. How much money does Zain have?

8 Ava got four £5 notes for Christmas. Jane got a ten pounds note.

Ben got one note. He says, "I have more money than Jane but less than Ava."

What note could Ben have?

### Reasoning

9 Tom has £40 in his pocket. He bought a teddy bear for £7. Tom also wants to buy this truck. The shopkeeper will not sell him the truck.

Explain why?
